

Tinnitus Australia (TA) is guided by the Tinnitus Australia Advisory Committee - a group of health professionals and people who are affected by Tinnitus who are interested and engaged in Tinnitus service provision and research. It is a collaboration of people working professionally, passionately, and ethically to eliminate the suffering experienced by people, their friends and families, due to tinnitus. The Committee meets regularly to shape the strategic approach of TA and provide advice to the CEO, Soundfair.

Tinnitus Australia Advisory Committee Members 2021

Susan Tegg-Quinn B.Nurs.M.Clin.Aud.M.Aud.SA(cc), member

Susan Tegg-Quinn is a highly-experienced, fully-qualified audiologist and registered nurse. She is a graduate of the University of Melbourne School of Audiology, a member of Audiology Australia and Independent Audiologists Australia.

Susan holds a clinical practicing certificate and regularly undertakes ongoing research in auditory rehabilitation and tinnitus. She has undertaken extensive training in tinnitus and sound intolerance assessment and management both in Australia and overseas, including the European Tinnitus Management Course and courses in cognitive behaviour therapy and acceptance and commitment therapy. Susan is actively engaged in research to improve the assessment and management of tinnitus and is currently undertaking a PhD through the University of Western Australia and Ear Science Australia.

research skills, having published scholarship papers. As an advisory committee member his focus sits within Tinnitus research projects and funding
